

Dhanraj Rathod

Python Developer

Pune, India MH 411045 • +919975622752 • dhanraj.rathod.developer@gmail.com • linkedin.com/in/dhanraj-rathod

Professional Summary

Results-driven software developer with a strong foundation in Python and experience in web frameworks such as Django, Fast-API, and Flask. Proficient in database management with MySQL, PostgreSQL, and MongoDB, complemented by knowledge of Apache Cassandra for handling large datasets. Skilled in modern DevOps practices, utilizing tools like Git, Docker, Kubernetes, and Jenkins to streamline development processes. Familiarity with cloud platforms, including AWS and Google Cloud Platform, enhances the ability to deliver scalable and efficient solutions.

EXPERIENCE

Arrow Electronics

(3 years) February 2023- Present

IT Associate (Junior Python Developer)

- Architected and implemented a scalable microservice infrastructure using Python and Kubernetes, achieving a 40% reduction in server costs by optimizing resource allocation.
 - Streamlined data processing workflows with Python, enhancing data retrieval speeds by 30%, while maintaining 99.9% system uptime.
 - Developed a client-facing web application using Django, resulting in a 25% increase in customer satisfaction through enhanced user experience.
 - Performed data analysis with Pandas and NumPy, identifying key market trends that shaped the product roadmap and directed strategic planning.
 - Integrated RESTful API services enable seamless third-party data integration and expand the application's functionality for end users.
 - Contributed to a major version release of EBS, coding in Python, and leveraging Django, that improved customer data management efficiency by 35%.
 - Participated in daily scrum meetings, enhancing team communication and project transparency, and reducing project delays by 20%.
 - Managed IT support tickets, ensuring timely resolution and high customer satisfaction.
-

SKILLS

Python	Google Cloud Platform	Apache
